

Act of 1871

A thread by IET17

This is Long but it will end with a MEGA BOOM!

Promise!

With no constitutional authority to do so, Congress created a separate form of government for the District of Columbia, a ten-mile square parcel of land (see, Acts of the Forty-first Congress,” Section 34, Session III, chapters 61 and 62).

The act — passed when the country was weakened and financially depleted in the aftermath of the Civil War — was a strategic move by foreign interests (international bankers) who were intent upon gaining a stranglehold on the coffers and neck of America.

Congress cut a deal with the international bankers (specifically Rothschilds of London) to incur a DEBT to said bankers. Because the bankers were not about to lend money to a floundering nation without serious stipulations, they devised a way to get their foot in the door of the United States.

The Act of 1871 formed a corporation called THE UNITED STATES. The corporation, OWNED by foreign interests, moved in and shoved the original Constitution into a dustbin. With the Act of 1871, the organic Constitution was defaced — in effect vandalized and sabotage — when the title was capitalized and the word “for” was changed to “of” in the title.

THE CONSTITUTION OF THE UNITED STATES OF AMERICA is the constitution of the incorporated UNITED STATES OF AMERICA.

It operates in an economic capacity and has been used to fool the People into unknowingly becoming indentured and indebted to the new corporation, THE UNITED STATES, and that it governs the Republic. It does not!

Capitalization is NOT insignificant when one is referring to a legal document. This seemingly “minor” alteration has had a major impact on every subsequent generation of Americans.

government. It can only exist until the voters discover that they can vote themselves generous gifts from the public treasury. From that moment on, the majority always votes for the candidates promising the most benefits from the public treasury with the result that a democracy always collapses over loose fiscal policy, always followed by a dictatorship. The average age of the world's greatest civilizations from the beginning of history, has been about 200 years. During those 200 years, these nations always progressed through the following sequence: from bondage to spiritual faith; from spiritual faith to great courage; from courage to liberty; from liberty to abundance; from abundance to selfishness; from selfishness to complacency; from complacency to apathy; from apathy to dependency; from dependency back again to bondage."

- Some say it is a flag of Admiralty/Maritime type jurisdiction and is not supposed to be used on Land. Others say it's not a flag at all, but fiction.

However, the gold fringe which surrounds the flag gives notice that the American flag has been captured and is now being used by the corporate so-called government to give notice of its jurisdiction.

- The flag shown above is Not described in Title 4 of USC and therefore is illegal on land except for maybe (1) the President since he is in charge of Naval Forces on high seas, and (2) naval offices and yards.

-The so-called justification for a Naval/Maritime flag to be on land is that all land was under the high water mark at one time even if it was eons ago. (Great Flood anyone???)

#### 4. Governing Body

not forced to be a member of any group.  
Not forced to inhabit any territory.  
Not forced to join the militia or military.  
Not forced to pay un-requested services.

The Northwest territory and possessions were  
(governed) by three (separate and distinct)  
branches or Departments equal to each other as  
to power and control of a segment of government  
while being on the same playing field laterally in  
position to each other.

- Legislature  
(Constitution, Article I)  
—can enact **positive law**
- Executive  
(Constitution, Article II)
- Judicial  
(Constitution, Article III)  
—known as article III courts

The purpose of having these separate and  
distinct branches at the same level is for checks  
and balances so that no one man or branch of  
government has complete power.

The legislative Branch consists of the Senate and  
Congress.

The purpose of the Senate was originally  
designed to voice states rights while Congress  
voiced the peoples rights.

The Senators were chosen by the states and  
were not elected by the people.

Together, they can come to a conclusion that  
meets the rights, interests, and benefit of both  
the state and the people.

**Separation of Powers**

Congress and the Courts  
are under the President.

**Did you ever wonder why Congress is ignored by  
the President?**

The President is the Chief Executive Officer  
(C.E.O.) of the government corporation.  
Impeachment today is nearly impossible, unless  
it is in the best interest of the controlling bankers  
and the one-world government elite.  
Also, what most people do not realize is that  
most courts today are legislative courts  
and not Judicial.

The so-called (corporate) Congress  
sits by **resolution**  
not by positive law.

Therefore, the position of power is as follows:

1. President (C.E.O. of the corporation sits as  
Caster  
—does not need congressional approval)
2. Legislature (The new Congress and  
Senate voices Public Opinion)
3. so-called Judicial (Legislative, Article I  
courts) opioniate what's best for the  
corporate so-called government and the  
elite
4. Non-existent Judicial  
(Article III courts)  
except for Special circumstances  
that benefit the elite

The top position has control over the second  
position and the second position has control over  
the last position vertically and not laterally.

There are no checks and balances unless the  
President is concerned with a potential revolution  
based on the outcry of its citizens.

Each **player** that comes into office wears a different  
costume but ends up serving the same master. (The  
Masters are the Elite and Bankers operating behind  
the scenes)

-now we play with paper and digital money, that is basically a grandiose IOU created out of thin air, that the bankers collect back with interest, all designed to further the wealth disparity between the elite and The People. Debt with interest is a system of perpetual debt continually passed on to the people beneath until the debt gap consumes all but those who own the debt.

## **"MOTHER OR OTHER INFORMANT".**

The word "OTHER" makes the mother "an informant." By signing the "Birth Certificate" as an informer, she contracts with the government putting her child and her child's future labor as collateral for the national debt (servitude—slavery). The father or mother can rescind the contract within three business days (Truth-in-Lending).

Since the Birth Certificate neither lists the father as the husband nor lists the wife's acceptance of the father's surname as her own but has the mother's maiden name instead, the baby is considered a **BASTARD**. Bastards are therefore under the care and control of the Priest Rule (democracy) and can be taken from the mother at any time.

The hospitals receive a fairly large monetary benefit (\$3,000, more or less, per child) from the corporate government for having Birth Certificates filled out and signed.

### Judges

(No direct answer)

The judicial office is actually a coordinator who sits in on behalf of the people, for the good of the people, who preside for all sorts of office to check by and uphold the Constitution, and to help to give prosecutors and counsels equal opportunity to present their case, with fairness and objectivity. It, whether it is presiding to a controversy or one suspected of a crime or injustice, to produce and provide an impartial answer that is true to Law by bringing forth the facts and the law to be judged by the people who are peers.

The people are the ultimate "judge" of both the law and the facts.

...because, the ~~actual~~ **judging**, ~~judging~~, not a ~~mediator~~ **judge**, sitting under a gavel or justice finger-ring, becomes the "captain" or "master" of that ship or vehicle and thus absolute power to make the rules of the ship or the game, at the same taking to or about the **substantive** **PROSECUTION**.

The so-called judge will sometimes not allow all of the facts to be heard or the so-called law enforced because of the bias or the following orders of the corporate **so-called** government who may want want to have the **case** **settled** **from** the public.

If ~~prosecutor~~ not ~~convinced~~ the ~~judge~~ **judge** ~~judge~~, the judge, without proper cause, will send the non-conformist to a **penitentiary**, **ward** for **evaluation** **internationally** and sometimes will **force** to be **dragged** and not released until one is **willing** to **conform** to the **judge's** **law**.

The **has** **response** **may** **mean** the **other** **case** **and** **has** **been** **internally** **addressed** by **Myself** **concerning** **these**

"...the judiciary has assumed the law for its own purposes and repeated constitutional guarantees with a system in which judges rule by decree." ~ [www.independia.org](http://www.independia.org)

### Common Law Court

is a "Court of Record" that proceeds according to Common Law, keeps a record of the proceedings, has power to enforce judgments, and the influence is independent of the legislature. (May also have a seal)

These so-called courts are not "in law" but are simply acting on behalf of a corporate business enforcing its contracts under the support of State Courts, Superior courts, Federal courts, District courts, Municipal Courts (Municipal Law), Military Law, Marshal Law, Maritime Court, Mental proceedings, and administrative **and** **local** **tribunals** (similar to Admiralty/Maritime) and appear to be governed by "The Manual of Courts Matter" (order lists of matter) and the "Total Powers April 1933."

Legal or Illegal

All legal actions are pursued under the "rule of law"

Lawful or Unlawful

Code of law means "appears to be" law, but is not.

Based on Court's law the common law and case

The "original" Constitution and its amendments.

cannot sue the Master  
(Corporate government)  
unless allowed to.

The first 100 articles  
of amendment to the constitution  
are sometimes referred to as  
"Bill of Rights"  
which is incorrect.  
They are not a "Bill"  
but are simply "amendments."

The actual "Bill of Rights" was a declaration in  
1689 by King William and Queen Mary to their  
loyal subjects of the British empire.  
It was not a constitution.  
You are a subject of the crown as well!

**Due Process** is required

Due Process is ~~optional~~—Sometimes. Depends  
on factors without reservation.

Amended 1333 proven guilty

"No Bill of Attainder  
or Ex-post Facto Law  
shall be passed."

—Constitution of Article I, Section 10, Paragraph 1

"Guilty" until proven "not guilty".  
(Especially when faced with issues relating to  
the corporate government, its agents, and its  
highwaymen.)

The so-called judge will ask if one is "guilty" or  
"not guilty."

**Alleged claim to be "innocent."**

A "plea" enters one into a binding contract with  
the so-called court.

**Jurors judge the law  
as well as the facts**

Jurors are the last bastion of hope  
to free one from tyrannical or unjust laws  
imposed by government.

**Jury nullification**

"Jury nullification occurs when a jury returns a  
verdict of 'not guilty' despite the common belief  
that the defendant is guilty of the violation  
charged. The jury in effect nullifies a law that it  
believes is immoral, unconstitutional or is wrongly  
applied to the defendant whose fate it is charged  
with deciding. Traditionally jurors are free to  
disregard the judge if they feel he is part of the  
system of oppression. Jury nullification is an  
essential protection for citizens against  
governmental tyranny." —John Tiffany,  
AmericanFreePress.net

The judge instructs the jurors to try only the facts  
(not the code, statute, or codes).

The judge usually gives the statute, regulation,  
code, rule, etc. that will most likely convict the  
defendant.

If there is any dispute with the  
so-called law, the judge will declare  
"I say what the law is!"

If there is any more dispute with the law,  
the judge will say:

"I will hold you in contempt if you continue in this  
manner."

Federal or State, can not question the ruling; read the 7th amendment. The State and federal Courts are inferior tribunals to the People's one supreme Court. The one supreme Court exist whenever the People convene it. The People have agreed to convene it at the county seat and the county judge is elect(ed) by the people as the administrator of their one supreme Court of Record. He makes no judicial ruling. He is only there to keep the Court open and see that it is run orderly and enforce the judgments of the Court of the People. When the jury is called and has been sworn from among the People they are the twelve justices sitting as the one supreme Court of Record for the People of that county."

Thomas Jefferson worried about that the Courts would overstep their authority and instead of interpreting the law would begin making law, an oligarchy, the rule of few over many.

The very first Supreme Court Justice, John Jay said, "Americans should select and prefer Christians as their rulers."

Determinations ARE NOT appealable as are Judicial Determinations! Legal determinations are anything the judge says they are under their colorable Public policy laws. However, Judicial determinations are in accordance with the Public Law and are subject to CONstitutional constraints."

"Since the [Erie R.R. v. Tompkins](#) decision in 1938, the courts have been operating under Public Policy, in the interest of the "nation's creditors," instead of Public Law in accord with the CONstitution."

"The judges are not allowed to consider any case law prior to 1938! BUT, there is one case, [Clearfield Trust, et al v. US, 318 US 363 \(1943\)](#), (see attachment). All courts are Administrative Tribunals, operating under a Colorable Admiralty Jurisdiction called Statutory Jurisdiction and all judges are Administrators, and all Lawyers (Pronounced Ly'Er) are officers of the colorable courts."

"The whole judiciary is administering the Bankruptcy of the US, declared by Roosevelt in 1933!"

—2004 Billy-Joe Maudin

- More and more prisons today are privately owned and run as a profit-making commercial enterprise creating products and services for sale. It is believed that many judges hold stock or an interest in these privatized prisons. These commercially run prisons do not have the best interest of the Inmates or Staff in mind but the bottom line--PROFIT. They need a continuous supply of low-cost labor (slaves) to produce products in order to increase profits. Even

### Amendment IV

"The right of the people to be secure in their persons, houses, papers, and effects, **against unreasonable searches and seizures**, shall not be violated, and no warrants shall issue, but upon **probable cause**, supported by oath or affirmation, and particularly **describing the place to be searched, and the persons or things to be seized.**"

Warrantless and unreasonable searches in homes, airports, corporate government facilities, on the roadways (highways), etc.

Government may search and seize Americans' papers and effects without probable cause to assist in so-called terror investigation. —Patriot Act

In Nazi Germany, it started with:

*"Where's your papers?"*

or *"Your papers, please?!"*

History repeats itself. Now, it is:

*"ID, please?"*

The I.D. called **"Real ID"** with biometrics is on the horizon and about to be implemented if not already.

labor; by the ceaseless application of his of his faculties to natural resources. This process is the origin of property. But it is also true that a man may live and satisfy his wants by seizing and consuming the products of the labor of others. This process is the origin of plunder." "...the proper purpose of law is to use the power of its collective force to stop this fatal tendency to plunder instead of work. All the measures of the law should protect property and punish plunder."

"Thus it is easy to understand how law, instead of checking injustice, becomes the invincible weapon of injustice. It is easy to understand why the law is used by the legislator to destroy in varying degrees among the rest of the people, their personal independence by slavery, their liberty by oppression, and their property by plunder. This is done for the benefit of the person who makes the law, and in proportion to the power he holds."

"In all criminal prosecutions, the accused shall enjoy the right to a **speedy and public trial**, by an **impartial jury**.... and to be informed of the **nature and cause** of the accusation; to be **confronted with the witnesses** against him; to have compulsory process for obtaining witnesses in his favor, and to have the **assistance of counsel** for his defense."

The Senate examined exactly what powers they had granted the President by amending the Trading With the Enemy Act on March 9, 1933, they concluded that: "Under these powers the president may: seize property; organize and control the means of production; seize commodities; assign military forces abroad; institute **martial law** [actually: **Martial Rule**]; seize and control all transportation and communication; regulate the operation of private industry; restrict travel, and in a plethora of particular ways, control the lives of all American citizens."

"The privileges and immunities clause of the Fourteenth Amendment protects very few rights because it neither incorporates any of the Bill of Rights nor protects all rights of individual citizens. See *Slaughter-House Cases*, 83 U.S. (16 Wall.) 36, 21 L.Ed. 394 (1873). Instead, this provision protects only those rights peculiar to being a citizen of the federal government; it does not protect those rights which relate to state citizenship."

They also got other companies to collect sales tax up front as well by making a "Sales Permit" mandatory to enter corporate trade shows. A "Sales Permit" is a license and makes one obligated to collect taxes and to turn them over to the corporate government. Out of ignorance, most companies volunteer to obtain a license even though it is voluntary. Most government people enforcing Sales licenses assume every company is required to collect sales tax. -By changing one word in the State's constitutions we went from God given rights to Government given privileges.

- "Government Privileges/Benefits":

- Social Security
- Medicare
- Medicaid
- Grants
- Disaster relief
- Food Stamps
- Licenses and Registration (Permission)
- Privileges only, no Rights

### Inherent rights

present at birth  
but not necessarily hereditary

### Unalienable rights

Rights from God  
that are not lienable,

### Inalienable rights

Rights from the corporate government that can be liened against or taken away at any time. Very much like a 'privilege'.

Unalienable vs Inalienable

## READ THE TRANSCRIPT!

Thomas Jefferson wrote, and the 55 signers of the Declaration of Independence assented, that we are:

"endowed by our Creator with certain UNALIENABLE Rights...Life, Liberty, and the Pursuit of Happiness."

Unalienable differs from Inalienable, though some have wrongly accused Jefferson of "misspelling" a U for an I. Not so. READ THE TRANSCRIPT!

Unalienable rights are natural and can NEVER be infringed upon. Inalienable rights can be surrendered, but ONLY with CONSENT.

POTUS TRUMP has fought for the UNALIENABLE Right to LIFE, as embodied in the Declaration, as no other POTUS in history. Other Unalienable Rights are now protected by establishing the Commission on Unalienable Rights, under the Department of State.

Unalienable rights are those rights that are inherent in the human person and cannot be taken away or surrendered. They are the rights that are the foundation of all other rights.

Inalienable rights are those rights that are granted by the government and can be taken away or surrendered. They are the rights that are the foundation of all other rights.

Check out my new book, "The American Revolution: A New History" by Thomas Jefferson. It's the first book to be published in over 100 years that is dedicated to the American Revolution. It's a must-read for anyone who wants to understand the American Revolution and its impact on the world.

The American Revolution was a turning point in the history of the world. It was the first time that a people rose up against a tyrant and won. It was the first time that a people declared their independence and established a new government. It was the first time that a people fought for their rights and won. It was the first time that a people stood up for their principles and won. It was the first time that a people made a difference in the world.

"The commission's mission," Sec. of State Pompeo explained in a Wall Street Journal op-ed, "isn't to discover new principles but to ground our discussion of human rights in America's founding principles."

### 16. Free Enterprise vs Corporatism (USMCA)

-The thing created (the corporation) becomes more powerful than the creator (man) who created it. Man is no longer free but is subservient (a slave) to the corporate structure. The corporate structure needs to reduce the wages of its human resources to decrease cost to increase profit to keep growing.

-Corporations eat each other and grow bigger and more powerful thereby allowing fewer persons having big egos controlling the lives of the common folk from cradle to grave.

The people engage in free enterprise by trading one's labor for another's labor.

There is no filing, registering, or obtaining permission or licensing from any government structure.

The people are responsible for themselves and each other.

The people do not rely on insurance to overcome irresponsibility and capriciousness.

corporate structure

The thing created (the corporation) becomes more powerful than the creator (man) who created it. Man is no longer free but is subservient (a slave) to the corporate structure. The corporate structure needs to reduce the wages of its human resources to decrease cost to increase profit to keep growing.

Corporations eat each other and grow bigger and more powerful thereby allowing fewer persons having big egos controlling the lives of the common folk from cradle to grave.

Corporations have no feelings. Corporations primary purpose is to grow and are thereby less responsible and less sympathetic towards the people, thereby rely on and utilize insurance or other resources such as the corporate government to bail themselves out of irresponsible critical situations.

Most often, people start with a free enterprise but choose to be incorporated into the government structural system. To incorporate is to become a part of something bigger. Therefore, corporations are creatures created by the so-called government and are no longer a free enterprise. Corporations become big uncontrollable monsters who eventually control government by putting their people into office to maintain control. These monsters get out of their cages when they made fictions such as corporations equal with people by calling them "persons" having the rights equal to people. Most corporations eat each other up and become huge monsters, thereby creating monopolies that stifle "capitalism" in its true meaning. Corporations do not want competition. They want to eliminate competition using their power and politicians they purchased. They want to capture the system and use it for their benefit.

The Washington establishment, and the financial and media corporations that fund it, exist for only one reason: to protect and enrich [themselves]. The establishment has trillions of dollars at stake in this election.

For those who control the levers of power in Washington, and for the global special interests they partner with – these people that don't have your good in mind – our campaign represents a truly-existential threat, like they haven't seen before.

This is not simply another four-year election. This is a crossroads in the history of our civilization that will determine whether or not We the People reclaim control over our government.

The political establishment that is trying to stop us is the same group responsible for our disastrous trade deals, massive illegal immigration, and economic and foreign policies that have bled our country dry. The political establishment has brought about the destruction of our factories and our jobs as they flee to Mexico, China, and other countries all around the world.

wealth, and **put that money** into the pockets of a handful of **large corporations** and **political entities**.

This is a struggle for the survival of our nation. And this will be our last chance to save it. This election will determine whether we are a **free nation** or **whether we have only the illusion of democracy**, but are in fact **controlled by a small handful of global special interests rigging the system**. And our system is rigged.

This is reality. You know it. They know it. I know it, and pretty much the whole world knows it. The Clinton Machine is at the center of this power structure. We've seen this firsthand in the WikiLeaks documents, in which **Hillary Clinton** meets in secret with **international banks** to plot the **destruction of U.S. sovereignty** in order to **enrich these global financial powers**, her special-interest friends, and her donors. Honestly, she should be locked up!

The most powerful weapon deployed by the Clintons is the **corporate media**, the press. Let's be clear on one thing: the **corporate**

agenda is **not for you. It's for themselves.**

Anyone who challenges their control is deemed a sexist, a racist, a xenophobe. They will lie, lie, lie and then again, they will do worse than that. They will do whatever is necessary.

The Clintons are criminals. Remember that. This is well-documented and the establishment that protects them has engaged in a massive cover-up of wide pread criminal activity at the State Department and the Clinton Foundation in order to keep the Clintons in power.

They knew they would throw every lie they could at me and my family, and my loved ones. They knew they would stop at nothing to try to stop me. Nevertheless, I take all of the slings and arrows gladly for you. I take them for our movement so that we can have our Country back. **I knew this day would arrive. It's only question was when. The White House on Monday released its first stand-alone [proposal](#) for higher-education reform, urging the U.S. Congress to enact laws affecting accreditation, Pell Grants, and student-loan repayment.

The plan repeats themes raised in President Trump's 2020 federal budget proposal and reflects division between Democrats and Republicans over the federal government's role in regulating the forces that shape colleges and the for-profit sector.

Trump's budget proposal for 2020, released last week, [includes](#) a \$7-billion cut in the U.S. Department of Education, a changed student-loan repayment process, and the elimination of the Public Service Loan Forgiveness program.

<https://www.chronicle.com/article/Here-s-What-the-Trump/245919>

The last century has produced an American economy where more jobs than ever before require at least some postsecondary education or skill development. Wage premiums and job security continue to be associated with postsecondary education or skills attainment; however, the rising cost of college education and the accompanying growth in student loan balances erode the wage premium associated with a college degree.

Unironically, since COVID you have seen a potential closure of public schools? Is this a coincidence? Are we headed to more of an online schooling of choice? With the public school system you have far left teachers indoctrinating our children flat out lies about history, and against conservative values and freedom.

Online school? Some parents want to hire tutors, start mini schools this year.

citizens by just coming across the border and having a baby in the US. Fun little loophole. Voting Numbers, Representatives, and Demographics change when this happens.

Well national parks and monuments are land that is owned by the federal government. In this case, the corporation of the United States. Obama designated whatever he wanted as national monuments and Trump said it was a wild abuse of power. Why. Bc if the federal government is operated out of DC and its assets now include America's land then they can sell those lands to other countries. Corporate law.

Obama then gave eminent domain to China

<https://rense.com/general85/chinainc.htm>

This is a big problem as you can see now. China has now completely infiltrated America's schools, businesses, manufacturing, land, and real estate.

Part of that executive order of trump wanting a review of the national monument designation and everyone thought trump was trying to get rid of national parks, he was really saving them from being sold off through the corporation.

<https://www.usatoday.com/story/news/politics/2017/04/26/trump-executive-order-could-rescind-national-monuments/100914086/>

He also signed an Executive Order in regards to China on 7/14/2020

That basically says, If you have any relationship, any connection, directly or indirectly, in business, in real estate, in land, in anything, to anyone in the CCP then the US just blocked your assets. We will be taking back what's ours now. Can't have a sovereign nation with other countries owning your country's assets.

The US Postal Service is crucial in gaining back our sovereignty and here we are strategically placed to not only potentially bust them for allowing, unwitting or wittingly, voter fraud, whilst also getting office locations to close. They're running out of money.... Gee.. I wonder why that is?

With the coronavirus pandemic threatening the Postal Service's financial viability, a rescue for America's favorite agency has become a political battle.

Meet your New Fed Chairman, Donald J. Trump

Everyone should read this article, it explains how we were able to absorb the Fed and what it means going forward.

<https://www.bloomberg.com/opinion/articles/2020-03-27/federal-reserve-s-financial-cure-risks-being-worse-than-disease>

You're probably asking yourself, "how are we getting all of this money to give to the Citizens for Economic Relief due to COVID? If we are taking it from the FED aren't we more in debt?"  
>If the US Dept of Treasury owns the FED then the Federal Government owns the debt. If DJT owns our debt do we really even have debt?

Even better, Donald Trump is using what is known as the ESF, or Exchange Stabilization Fund to fund our Economic Recovery. On paper it is controlled by the US Treasury but operated by the Federal Reserve as a means of stabilizing the value of the dollar. Since there isn't any gold to back it up, they can either inject or withdraw dollar amounts from this fund in order to maintain a certain value of that dollar. They also then adjust interest rates as well. This ESF, pulls money from the IRS (your tax dollars) to fund itself.

Officially in charge of defending the dollar, the ESF is the government agency which controls the New York Fed, runs the CIA's black budget, and is the architect of the world's monetary system (IMF, World Bank, etc).
